Silkroad Building Material Project Service Co., Ltd. (“Silkroad”) is a professional project service platform for building materials established in Riyadh, the capital of Saudi Arabia. The platform aims to integrate the most competitive building material supply chain resources in China and to build the most professional and efficient sourcing, supply and service platform for multiple types of building materials, including sanitary ware, ceramic tile, door, window, kitchen cabinet, lighting fixture, etc. Backed by the mature supply chain in China and direct supply from manufacturers, Silkroadbm is capable of offering products with good quality and competitive prices efficiently. With a professional service team based in Saudi Arabia, the platform provides one-stop sourcing, supply and after-sales services. The co-founders of Silkroadbm are all experienced building material supply chain experts and factory owners in China, who have extensive successful track record in building material supply and construction projects, and fully understand the supply market and competition landscape in China.

We can quickly screen suppliers, integrate resources and provide the most cost-effective and high-quality products based on customer needs. The team has rich experience in overseas sales and project services, having serviced in dozens of countries covering Europe, North America, the Middle East and Southeast Asia. The products have obtained quality certifications such as SASO for the Middle East, CE for Europe, TISI for Thailand, KSA for South Korea, CUPC for the North America and ISO9001. Silkroadbm will actively participate in the Saudi Vision 2030 development journey, and strive to make unique contribution to the construction development of Saudi Arabia

我们的设计师团队

OUR TEAM FOR DESIGNER

融合伊斯兰艺术与现代极简，选用耐高温石材、透气织物及本土环保材料。强调隐私与待客文化，配置模块化隔断与低矮茶歇家具。结合金属镶嵌、手工雕花工艺及智能科技（遮光、无线充电），平衡传统与现代，打造文化认同与舒适体验的沙漠旅居空间。

Blends Islamic art with minimalism, using heat-resistant stone, breathable fabrics, and eco-materials. Prioritizes privacy and hospitality via modular partitions and low seating. Integrates metal inlay, carvings, smart tech (lighting/charging), balancing tradition and modernity for cultural luxury.
